

## Quarterly Golf Committee Update

**Meeting Date: August 18, 2025**

Prepared by: *Paddy Gough, Villa Owner/Member Representative*

---

### **Villa Owners Virtual Golf Tournament**

Although registration has been open for months, only one Villa Owner has signed up for the Virtual Golf Tournament. The Golf Committee and Pro Shop are making another strong push to encourage participation.

- **How to Register:**

- Through the new *Seven Canyons Golf Club App*
- Or by calling the Pro Shop and speaking with **Demetri, Jacob, or Eric**

We encourage all Villa Owners to get involved in this fun event.

---

### **Building Villa Owner Participation**

The Golf Committee is committed to hosting **more social events** to enhance community involvement, such as:

- “9 and Dine”
- “Six and Mix”
- Periodic mixers held at the **Clubhouse** rather than the Villas

The goal is to make Villa Owners a stronger presence within the overall Golf Club experience.

---

### **Clarification on Golf Course & Club Access**

Some Owners expressed concern that use of the golf course and facilities was restricted to periods of residence. While this wording exists in *The Plan*, it has **never been enforced**, and ownership has confirmed that:

 **Villa Owners have year-round access to all golf and Club facilities, regardless of residency status.**

Villa Owners currently represent about **40% of overall Club membership**.

---

### **Save the Date: Semper Fi Fund Golf Clinic – April 2026**

The Villas and Club will again host **Team Semper Fi** for their third annual golf clinic.

- Approximately **12 wounded veterans** will attend for 3–4 days of instruction, both classroom and on-course.
- The first two clinics were a resounding success and a highlight for these service members.
- Villa Owners in town during this time are encouraged to participate, connect, and support this important event.

### **Agronomy & Course Updates**

- **Emily Casey**, a valued member of Andy's agronomy team, is moving on to an exciting new career opportunity. We thank Emily for her hard work (and tricky pin placements!) and wish her the very best.
  - The team is exploring an “**Adopt a Hole**” **Program**, where members take extra responsibility for maintaining an adopted hole during or after play. Please contact the Pro Shop or Eric if interested.
  - Course conditions are currently at their **best in years** thanks to Andy and his staff. Please take a moment to thank them for their outstanding work.
  -
- 

### **Villas & Clubhouse Enhancements**

- **New Concierge & Reservations Staff** are delivering noticeably improved service.
  - **Frank Durso**, the new General Manager of the Villas, has already made a positive impact.
  - Planned improvements include:
    - Upgrades to cart and walking paths
    - Improved stairs and handrails at challenging greens/tees
    - Renovation and expansion of the **Weiskopf Room** for larger gatherings and panoramic views
    - A **new west patio room** for smaller private events and additional dining space
    - Expansion and enclosure of the **north patio** for more TVs, expanded capacity, and new scenic views.
- 

### **Member Feedback**

Your input is always welcome! Please share any constructive recommendations regarding the golf course or Clubhouse. I will continue to represent Villa Owners on the Golf Committee.

---

**Hit 'em long and straight,**  
*Paddy Gough*
