

Seven Canyons Golf Committee Update

July 20, 2026, Meeting Highlights

Prepared by Paddy Gough, Villa Owner Representative

The Seven Canyons Golf Committee met on July 20 to discuss current golf course conditions, ongoing improvements, and upcoming projects. Below are highlights that may be of interest to Villa Owners.

Flood Recovery & Course Restoration

Following recent monsoon storms, portions of the front nine sustained damage from flooding and debris flows, particularly the greens on Holes 1 and 7. The back nine remains open for play while Andy Huber and the Golf Course Maintenance Team, together with outside contractors, continue restoration efforts on the front nine.

The recently renovated bunkers performed exceptionally well during the storms, and several planned course improvements will be completed while repairs are underway.

Course Improvements

Several projects are planned or currently in progress to improve safety and playability, including:

- Repair and replacement of stairs serving several tee boxes, greens, and the driving range.
- Continued aerification and turf improvement throughout the course.
- Gradual leveling of fairways using new maintenance equipment to improve playing conditions.
- Ongoing improvements to cart paths and other course infrastructure.

Adopt-a-Hole Program

Villa Owners are encouraged to participate in the Adopt-a-Hole program while in residence. Volunteers help repair ball marks, divots, and fairway damage to preserve the outstanding condition of our golf course.

Supplies are available through the Golf Club, and participation is a great way to support the maintenance team while enjoying time outdoors with family and friends.

Golf Events

The Virtual Villa Owners Golf Tournament remains open to all Villa Owners. Members are also encouraged to participate in Club tournaments and special events throughout the year.

For the latest information, please refer to **The Next Seven** weekly newsletter and the Club's annual events calendar.

Monday Golf

Through August, the Golf Course will remain open on Mondays using a shotgun start format. Members may continue making tee times as usual.

Course Etiquette

The Golf Committee reminds all members and guests to help preserve the exceptional golf experience at Seven Canyons by following established Club policies.

Please remember:

- Recreational activities such as soccer, bicycles, scooters, and skateboards are not permitted on the golf course or cart paths.
- Music played on golf carts should be kept at a respectful volume so it cannot be heard by golfers on adjacent holes.
- Members and guests are expected to observe the Club's dress code while using the golf facilities and dining at Seasons Restaurant.

Clubhouse Enhancements

Several exciting projects continue to move forward, including construction of the new indoor/outdoor bar and casual dining venue on the north patio, expansion of indoor dining space, and the new "Turn" facility near Hole 1 that will provide food and beverage service, starter operations, and permanent restroom facilities.

These improvements reflect the Club's continued investment in enhancing the overall member experience.

Golf Committee Representation

Paddy Gough's three-year term as the Villa Owners' representative on the Golf Committee concludes this October. The Villas Owners' Association would like continued representation on this important committee. If you are interested, know that the commitment consists of one

quarterly meeting, with Zoom participation available for those who are not in residence. It is an excellent opportunity to represent the interests of Villa Owners while helping to shape the future of Seven Canyons Golf Club.

If you would like additional information or are interested in serving, please contact Jeff Anderson, Paddy Gough or Frank Durso.

The Villas Owners Association extends its sincere appreciation to Paddy for his dedicated service and leadership on behalf of the Villa Owners over the past three years.
